

Request for a New Hydrant Flow Test

To request a hydrant flow test within the Providence Water system, applicants must submit a request in writing, on company letterhead, which shall include the following:

1. Address location for the project.
2. Name of the commercial property for which the test is being requested.
3. Full name, phone number, and email of the person to contact if questions arise.
4. Check payable to Providence Water in the amount of **\$118.00**.

Please mail your request to our new location:

**Providence Water
Hydrant Flow Test Request
125 Dupont Drive
Providence, RI 02907**

Once the flow test is completed, we will email you a copy of our test results and send a hard copy in the mail to the address you have provided.

Please allow ~ 2 to 3 weeks for completion.

Hydrant flow test requests cannot be made over the phone.

For information on previous Hydrant Flow Test information, static pressures, flow rates, or mapping pertaining to your project, please email or call:
